EDUCATION

Willamette University, Salem OR - *BS in Physics and BS in Computer Science - In progress*
August 2021 - Present
Cumulative GPA Fall '21-'22: 3.46

Headwaters School, Austin TX
August 2014 - June 2021
Cumulative High School GPA: 4.03

CLASS EXPERIENCE

CS-152: Data Structures

Learned about data structures and worked with a group to apply what we learned

CS-261: Software Development

Worked with a group to develop new software while learning about software development in corporate environments

DATA-299: Data in the Cosmos

Studied many different machine learning and data analysis techniques and how to apply them to real data gathered from our observations of space

PHYS-310: Mechanics

Studied classical mechanics, with weekly usage of Python in homework assignments to help solve complex math and understand complex systems
